

Gori More

Chorus:

Gori more tope se planine
od lepote tvoje i tvoje blizine

Nesbo nek' nas veže večnim lancem sreće
nek' ne bude nikad kako srce neće

Nosiće nas veruj zauvek na duši
Onaj ko poželi ljubav da nam sruši

Iz ljubavi ove rodiće se duga
da obasja redom i sva srca druga

The Sea Is On Fire

The sea is on fire, mountains are melting
from your beauty and your closeness

May the sky tie is with eternal chain of happiness
may it never be the way that heart doesn't want it

Believe me, anyone who tries to tear down our love
will forever carry us on their soul

Out of love a rainbow will be born
to light up all other hearts, one by one, as well
